The City of Santa Barbara has an active project to widen the sidewalks through the State Street Undercrossing of Highway 101. The sidewalk widening will occur between the north side of the Yanonali Street intersection to the south side of the Gutierrez Street intersection, in order to improve the pedestrian walking experience between Downtown and the Funk Zone. The project will include safety improvements for cyclists by widening the bike lanes at the undercrossing and providing buffers between vehicular traffic and cyclists. The number of vehicle lanes at the undercrossing beneath Highway 101 will be reduced to one through lane in each direction, with a center buffer for emergency access. The project includes aesthetic and lighting enhancements, as well as the removal of four non-specimen palm trees and two jacarandas. **FOR MORE INFORMATION CONTACT:** Pilar Plummer, Assistant Planner, at (805) 564-5470, ext. 2687.
